eld	(1) [gps_manual_alt] <b>Qหลูงย่_m</b> anual_alt_again]	Answer
	Please go back and enter them again.	
gps default (required)	Record your (FO) location, using the tablet, at the doorstep of the house:	
gpo_asiaak (regamea)	Default accuracy threshold.	
respondent_status_note	Note to the fo:	
	I (FO) have learned that the respondent has moved away: This is applicable in cases where the	
	guides or the village elder can identify the respondent but the respondent has relocated to	
	another village, town etc	
	I (FO) have learned that the respondent is dead: This applies in cases where the respondent on	
	the tracking sheet is identified by the guides/ village elders but he/ she is now dead.	
	I (FO) cannot find the respondent: this applies in cases where the respondent indicated on the	
	tracking sheets cannot be identified by the guides, neighbors or the village elders.	
	I (SFO or RA) have determined that the respondent is not needed (because the village has filled	
	the required number of successful surveys): This choice should not be selected by the FOs.	
	This is only applicable in cases where a reserve was not needed.	
respondent_status (required)	You are ready to start the Aspirations Survey. What is the situation?	1 I (FO) am in the field and have found the
respondent_status (required)	Tod are ready to start the Aspirations ourvey. What is the situation:	respondent who is listed on the tracking shee
		2 I (FO) have learned that the respondent has
		moved away
		3 I (FO) have learned that the respondent is
		dead
		4 I (FO) cannot find the respondent
		5 I (SFO or RA) have determined that the
		respondent is not needed (because the villag
		has filled the required number of successful
		surveys)
end_note_cover	Great! We are set to go. When you are ready, please approach the respondent, introduce	
	yourself, and begin the interview. Please tell the respondent that we are interested in collecting	
	individual level data and will be adminstering the data from just her. Good luck!	
setup > Section 2a: Respondent verification		
fo_note_respondent_verification_s2a	Ask the respondent that you (FO) are interviewing for her name.	
names_number_s2a (required)	How many names does the respondent have?	1 Two names
		2 Three names
new_name_first (required)	Respondent's first name:	
new_name_middle (required)	Respondent's second/middle name:	
new_name_last (required)	Respondent's last name:	
new_name_nick (required)	Respondent's common name or nickname:	
tsheet_name_confirm_s2a (required)	Question to the FO:	1 Yes
tonede name_commi_sza (required)	addition to the 10.	0 No
	Do the names given by the respondent match "[pre_name] "?	U NO
	pro_name;	
	First, second/middle, last and nick name given by respondent: "[new_name_first]",	
	"[new_name_middle]", "[new_name_last]" and "[new_name_nick]".	
tsheet_name_mismatch_s2a (required)	Ask the respondent:	1 0-4
tsheet_hame_mismatch_sza (requireu)	Ask the respondent.	1 Got married and took spouse's name
	We recently conducted a concus in this village Why is very named different than the one in any	2 Took the name of another family member
	We recently conducted a census in this village. Why is your name different than the one in our	(not spouse)
	records from this census?	3 Took baptismal name
		4 Took a different / additional name (not fam
		or baptismal name)
		5 Dropped family name
		6 Name previously misspelled
		7 Different person than the one on the tracking
		sheet
		Others
		- Other
tsheet_name_mismatch_s2a_oth (required)	If other, specify:	222
tsheet_name_wrong_person_s2a	We cannot proceed because the respondent is not the target respondent.

era11_proceed (required)	Boyouthink the respondent has a mental illness or disability that prevents them from completing the survey?	Answe	
participate (required)	Is the respondent able to participate in this research?	1 )	······································
	This question does NOT ask about disabilities. It checks if the respondent has got time, etc.	1 0	
unable (required)	Why is the respondent unable to participate in this research?	1	Respondent is tired
		2	Respondent is too busy
		3	Respondent has caregiving duties
		4	Respondent has to work
		5	Respondent has another prior engagemen
		6	Respondent is suspicious of FO/ survey
			intention / IPA
		7	Respondent does not want to disclose
			personal information
		8	No reason given
		-	Other
		222	
unable_other (required)	Specify other:		·
unableimp (required)	Record your (FO) impressions of why the respondent is not able participate in this survey round	d.	
consent (required)	READ: You are being invited to participate in this study. There is no direct benefit to you	1 )	⁄es
	anticipated from participating in this study, but the study and your participation will help us to	0 1	
	better understand the current livelihoods of households, businesses and communities in	1	
	Western Kenya.		
	If you agree to this study, I would like to ask you some questions about your household and		
	many different aspects of your life today. This will take approximately three hours. As a sign of		
	appreciation, we will offer you 1kg of sugar when completing the survey. We will also follow up		
	with you in a few months and again in about a year's time to ask similar questions in order to		
	see how living conditions and your household and community have changed.		
	We anticipate minimal risks associated with participating in this survey. You are free to decline		
	to answer any question you do not wish to answer or to end the interview at any time.		
	We will talk to about 10,000 households in this area. We will add up the information collected		
	about all the households and make it available to the public. But we will never identify your		
	name or location in any report or publication about the research, so it will be impossible for		
	anyone other than our organisation to know any of the information you give us about you or		
	your family specifically. When the research is completed, we may retain the study data for use		
	in future research by ourselves or others.		
	Ask the respondent: "Do you consent to take part in this research?"  Once the respondent has given consent, give the printed consent form to her and tell her that this		
	printed form has the same information you have just given.		
q10b_ipaid (required)	Please enter your Staff ID to indicate respondent's acceptance:

sp_intro	Note to FO: In case there are other household members in the room, please remind the		_	
<u>,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,</u>				
	respondent that we are interested in collecting individual level data and we would like to ask			
	these questions just to her.			
	READ: This section is about your beliefs about various businesses and agricultural activities.			
	Even if you have never undertaken these activities, try to answer the questions, perhaps using			
	what you have heard from others. There is no right or wrong answer. Our aim is to understand			
	what you think. I will ask you several questions about the chance or likelihood that certain			
	events are going to happen.			
	There are 10 buttons. I would like you to choose some buttons out of these 10 buttons and put			
	them on a sheet to express what you think the likelihood or chance is of a specific event			
	happening. One button represents one chance out of 10. If you do not put any buttons on the			
	sheet, it means that you are sure that the event WILL NOT happen. As you add buttons, it			
	means that you think the likelihood that the event happens increases. For example, if you put			
	one or two buttons, it means you think the event is not likely to happen but is still possible. If you			
	and an ever particular, it mound you trink the event is not likely to happen but is still possible. If you	1		
	pick 5 buttons, it means that it is just as likely it happens as it does not happen (fifty-fifty). If you			
	pick 5 buttons, it means that it is just as likely it happens as it does not happen (fifty-fifty). If you put 10 buttons on the sheet, it means you are sure the event will happen.			
	put 10 buttons on the sheet, it means you are sure the event will happen.

	and other industrial and the population and day and to illuming.		
Field consented > aspirations > Income > Income	Question	Answe	er
asp_inc_chance_note	This sheet is divided into 4 intervals. The lowest value is the minimum level of annual income		
asp_inc_chance_note	that you think your household will reach within ten years. The highest value is the maximum		
	level of annual income you think your household will reach within ten years. The interval		
	between [asp25_inc_min] and [asp27_inc_m1] represents an annual income for your household		
	in ten years time of between [asp25_inc_min] and [asp27_inc_m1]. The interval between		
	[asp28_inc_m] and [asp29_inc_m2] represents an annual income for your household in ten		
	years time of between [asp28_inc_m] and [asp29_inc_m2]. Please put the 10 buttons in these		
	intervals, to express the likelihood that your household's level of annual income within ten years		
	time will be in each of the four intervals.		
	For example, if you place one button in the first interval between [asp25_inc_min] and		
	[asp27_inc_m1], then you think it is very unlikely that your household's level of annual income		
	will lie between these two values. But if you place many buttons in an interval, you think it is		
	very likely that your household's level of annual income in ten years time will be between these		
	two values.		
	You need to use all 10 buttons and you can put them across all four intervals.
