Informed Consent

In this survey, you will be asked how you are doing in your life and about your economic situation, your family and friends, and your health.

At the end, you will even be invited to play some short games - stay tuned!

Here you can read the full information sheet on the survey.

Accompanying research on the Job Guarantee (MAGMA) project - University of Oxford

Purpose of the study: The study will independently assess the social and economic impact of the project on participants and the rest of the population. To do this, participants will be interviewed several times throughout the course of the programme in order to visualise what changes over the course of their participation. The personal data and information of the interviewed persons will be treated confidentially, anonymised, and changed in such a way that no one can trace back who they are.

- . I have read the information sheet for the accompanying research and have had the opportunity to review the information and ask questions, which have been adequately answered
- · I understand that my participation is voluntary and that I may discontinue my continued participation at any time without giving a reason and without adverse consequences or penalties. My previously collected data will be deleted with the exception of those data that have already been anonymised in the study and whose omission would therefore alter the study results.
- I understand that only researchers have access to my personal data and that this data will not be passed on to the AMS (except in anonymised form for data linkage), it.works or others.
- I understand that the data will be stored securely. I understand how this accompanying research will be conducted and what participation will mean for me.
- · I understand how to express my concerns or make a complaint.
- · Yes, I agree to the terms of this accompanying research and am taking part.

Please type your full name in the field below as a signature. Pre-survey Before we start, this section collects personal data only to ensure that we collect data from the correct sample of participants. Your name and date of birth won't be linked back to your data or used to identify you later on. Please keep in mind that the data collected will be anonymised and only used to carry out the scientific study at Oxford University. Please provide your name. Name Date of Birth

Let's start with the actual survey and your views on the MAGMA programme.

The MAGMA programme by the AMS and it.wokrs aims to eliminate long-term unemployment by providing guaranteed employment, and to improve the individual situation of participants. The following questionnaire is designed to collect information on economic, social and health outcomes.

Compared to 6 months ago before the start of MAGMA, would you say that you are doing better, the same, or worse?

Much better Better A little bit About the A little bit Worse Much worse better same worse 0 0 0 0 0 0

Can you mention in 1-2 sentences if there is anything you particularly like about the MAGMA programme?

Subjective status

Imagine a ladder showing where people stand in the society. At the top are the people who are the best off — those who have the most money, the most education, and the most respected jobs. At the bottom are the people who are the worst off — those who have the least money, the least education, and the least respected jobs or no job. Where would you place yourself on this ladder?

Social Network

From time to time, most people discuss work-related and job-search issues with other people. Looking back over the last 6 months, who are the people with whom you discussed work-related and job-search issues with?

In the boxes below, please list the FIRST NAME and LAST NAME INITIAL of the people with whom you discuss important matters. E.g., Maria Maier would be recorded as "Maria

Please list only one name per box. If two people on your list share the same first name and last initial, use numbers to distinguish them (e.g., "Maria M" and "Maria M2").

If you don't discuss important matters with anyone, just leave the fields blank.

Below is a list of the names you provided on the prior page. Please answer the questions below about each person you named.

| Ultimatum - Intro | | | | | | | | | | | |

You have arrived in the games section!

Ultimatum Game

- 1. You will be randomly matched in pairs with other participants.
- 2. Within each pair, one participant is assigned to Role A, while the other participant is assigned to Role B.
- 3. Person A makes an offer to share \${e://Field/total} Euros between A and B. Person A can choose whether and how much of it to offer to person B. Person A would keep the rest
- 4. Person B decides whether to accept or reject A's offer. If B accepts the offer, he gets the amount offered and person A gets the rest. However, if person B rejects the offer, both person A and person B receive nothing.

MATCH BLOCK - NR

On the next screen, you will be matched with NaN other participants.

We are currently trying to match you with other participant(s). Please wait patiently to be matched. This may take a few minutes. Please do NOT minimize this window or navigate to another page. Image: Loading animation Waiting for ? participant(s) to join.

Dictator choice

You have been assigned to Role A.

Your task is to allocate \${e://Field/total} Euros between you and B.

Please use the box below to indicate how many Euros (0-100) to offer to B. B will then make a decision whether to accept or reject this offer.

If B accepts your offer, he or she will get the Euros you offered to them, and you will keep the rest of the \${e://Field/total} Euros.

If B rejects your offer, both of you will get 0 Euros.

Your offer to B (0-100):

Allocator feedback 2

B has rejected your offer.

Both of you got 0 Euros.

B has accepted your offer.

You got \${e://Field/payoff} Euros and B got \${e://Field/offer} Euros.

Recipient intro

You have been assigned to Role B.

The other participant (A) will make an offer about allocating \${e://Field/total} Euros between him/her and you.

Then, you can either accept or reject A's offer.

If you accept A's offer, you will receive whatever amount A has offered you, and A will receive the rest of the \${e://Field/total} Euros.

If you reject A's offer, both of you will get 0 Euros.

On the next screen, you will have to wait until A makes a decision.

Recipient decision

A has offered you \${e://Field/offer} Euros. A would keep 0 Euros. Do you accept or reject this offer? I accept A's offer. (You get \${e://Field/offer} Euros, A gets 0 Euros) I reject A's offer. (You get 0 Euros, A gets 0 Euros) 0 О Recipient feedback You have decided to reject A's offer. Both of you got 0 Euros. You have decided to accept A's offer. You got \${e://Field/payoff} Euros and A got 0 Euros. **COMPLETE BLOCK - NR** Image: Loading animation Cyberball game Loading. Please wait...
