Introduction and email confirmation

Welcome! We are conducting research into academic philosophers' views of what exploitation is.

For the integrity of our survey, it is crucial that we confirm you are indeed an academic philosopher (academic faculty, emerita, lecturers, post-docs and graduate students) at a recognized academic institution.

Other than this confirmatory step, and should you complete our survey, your email address will only be used to:

(i) enter you in the prize pool for Amazon vouchers (each worth 200 USD), unless you opt out, which we will send to 10 randomly selected addresses;

(ii) send you the eventual working paper summarizing and discussing the data we collect.

No identifying information will be used for any of our analysis or presentation of the data.

The core survey takes about 10 minutes to complete, but you will have the option to answer more questions if you wish.

Your **institutional** (not personal) email address:

[ ]

Please confirm:

[ ]

Once you hit the button below, the survey link should arrive immediately but can take up to a minute. Please also check your spam folder (it will be sent from noreply@qemailserver.com).
