

Addendum to Pre-Analysis Plan for an Audit Study

Alec Brandon

Justin Holz

Andrew Simon

Haruka Uchida

In November 2018 Missouri and Arkansas voted on measures to increase their minimum wage. Both these measures passed. To supplement our proposed analysis, we will collect callbacks in the manner described in our original pre-analysis plan in municipalities that border Missouri and will not see a minimum wage change in January 2019. We select municipalities that border Missouri because St. Louis and Kansas City are on their state's border, while the others are not.
