

Participation Agreement – ESMT

Participation Agreement

You have been invited to take part in a research study run by researchers at the University of Warwick, European School of Management and Technology (ESMT) Berlin, Middlebury College, and Queen Mary University of London. The project will require you to answer a number of questions, including demographics. Please read the following statements carefully and confirm below.

Our commitments

We never deceive participants and we keep our promises. For example, if we promise a certain payment, participants will indeed receive it. In the event that we are responsible for a mistake that is to the disadvantage of participants, we will inform and compensate the respective participants. We design, conduct, and report our research in accordance with recognized scientific standards and ethical principles. This study has been reviewed and given a favorable opinion by the ESMT Ethics Committee.

We adhere to the terms of our privacy policy as stated below

The data generated in this survey will only be used for the

purpose of this study. The data will be used for analysis. Your data will be de-identified before analysis, and you will not be personally identifiable in any presentations or publications resulting from the research. The end product of the research will be publicly available. Your participation in this study is purely voluntary, and you may withdraw your participation at any time without any penalty to you. Please note that the software (Qualtrics) automatically notes the time you spend on each question and this data will be made available to researchers for analysis.

Data will be securely stored on University of Warwick, European School of Management and Technology (ESMT) Berlin, Middlebury College, and Queen Mary University of London computers and will be processed only for scientific analysis. Access to the data will be restricted to members of the research team. Summaries may be presented at conferences and included in scientific publications.

Whom should I contact if I wish to make a complaint?

If you would like to make a complaint about the way you have been dealt with during the study, any possible harm you might have suffered, or have a concern around the privacy of your data, please address your complaint to rd@esmt.org.

If you are happy to proceed, please tick the "I agree" button below to continue.

☐ I agree

Intro – Amazon site choice

Introduction

Welcome! We are conducting research into academic philosophers' views of the effects of various scenarios on people's subjective wellbeing.

To thank you for your time, upon completion of our survey you will be automatically entered into our prize pool for one of ten Amazon gift cards of 100 USD or local currency equivalent. There will be an extra opportunity to win an additional Amazon gift card later.

Please indicate which Amazon site you would like the gift card for if you are selected. If you prefer not to receive any, please select the last option, "opt out":

Intro – survey mechanics

Instructions page 1/2 - survey mechanics

We will present you with **three short scenarios about two people**---A and B---and the purchase, sale, and production of mugs.

You will see the scenarios in a random order, one at a time. They may seem similar but each is unique, and you cannot skip or go back, so please read each carefully.

For each scenario, **we ask you to judge**:

1. how you think each person is affected in terms of their
 - satisfaction,
 - flourishing,
 - happiness;(these three are presented in a random order)
2. how wrong A's behavior towards B is; and, lastly,
3. how you think **other** respondents will judge A's behavior towards B.

It takes **about 10 minutes** to respond to the three scenarios and demographic questions.

☐ I have read the information above

Intro – survey content

Instructions page 2/2 – survey content

Please keep the following **two points** in mind when responding to the scenarios:

1. Do not worry about how your answers compare to each other. Instead, try to focus on each scenario in isolation.
2. Some scenarios may seem underspecified. In these cases, if you think a property would affect your answer, but it is not mentioned, then you should assume that property is not present.

At the end of the survey, you will have an opportunity to provide any comments.

☐ I have read the information above

Scenario Counter Page

Scenario $\{e://Field/Counter\}/\{e://Field/three-six\}$

is on the next page

L1 – T3B – SWB

Scenario $\{e://Field/Counter\}/\{e://Field/three-six\}$

B wants mugs and **A is the only vendor** selling mugs. A sells mugs to B and **both gain equally** from the transaction.

To what extent does this scenario impact **person A**?

	falls significantly	falls somewhat	no impact	rises somewhat	rises significantly
A's flourishing	☐	☐	☐	☐	☐
A's satisfaction	☐	☐	☐	☐	☐
A's happiness	☐	☐	☐	☐	☐

Scenario $\{e://Field/Counter\}/\{e://Field/three-six\}$

B wants mugs and **A is the only vendor** selling mugs. A sells mugs to B and **both gain equally** from the transaction.

To what extent does this scenario impact **person B**?

	falls significantly	falls somewhat	no impact	rises somewhat	rises significantly

For that response, if the point you pick is indeed the one chosen most often by all the relevant respondents, then you will be entered in a prize draw for one of ten 100 USD Amazon gift cards. This will follow the local currency and Amazon region that you chose at the outset (if you opted out you will not be sent any gift

card). This is separate and independent of the prize draw for your participation that we detailed at the start.

H4 – T4U – SWB

Scenario $\{e://Field/Counter\}/\{e://Field/three-six\}$

B wants mugs and A is the **only vendor** selling mugs because **other sellers have been unjustly excluded** from the market. A sells mugs to B and **the agreed price benefits A more than B**.

To what extent does this scenario impact **person A**?

	falls significantly	falls somewhat	no impact	rises somewhat	rises significantly
A's happiness	☐	☐	☐	☐	☐
A's satisfaction	☐	☐	☐	☐	☐
A's flourishing	☐	☐	☐	☐	☐

Scenario $\{e://Field/Counter\}/\{e://Field/three-six\}$

B wants mugs and A is the **only vendor** selling mugs because **other sellers have been unjustly excluded** from the market. A sells mugs to B and **the agreed price benefits A more than B.**

To what extent does this scenario impact **person B**?

	falls significantly	falls somewhat	no impact	rises somewhat	rises significantly
B 's flourishing	☐	☐	☐	☐	☐
B 's satisfaction	☐	☐	☐	☐	☐
B 's happiness	☐	☐	☐	☐	☐

Scenario $\{e://Field/Counter\}/\{e://Field/three-six\}$

B wants mugs and A is the **only vendor** selling mugs because **other sellers have been unjustly excluded** from the market. A sells mugs to B and **the agreed price benefits A more than B.**

How wrong is **A**'s behavior towards **B**?

not at all	a little	moderately	significantly	extremely
☐	☐	☐	☐	☐

Scenario $\{e://Field/Counter\}/\{e://Field/three-six\}$

B wants mugs and A is the **only vendor** selling mugs because **other sellers have been unjustly excluded** from the market. A sells mugs to B and **the agreed price benefits A more than B.**

Which do you think is the **most popular answer** to the last question (How wrong is A's behavior towards B?) **among all other academic philosopher respondents?**

If you are right, you will be entered into a draw to win a 100 USD Amazon gift card.*

☐ not at all

☐ a little

☐ moderately

☐ significantly

☐ extremely

* You will answer this question for multiple scenarios. The computer will select one of your responses. For that response, if the point you pick is indeed the one chosen most often by all the relevant respondents, then you will be entered in a prize draw for one of ten 100 USD Amazon gift cards. This will follow the local currency and Amazon region that you chose at the outset (if you opted out you will not be sent any gift

card). This is separate and independent of the prize draw for your participation that we detailed at the start.

Final block

Thank you!

We are very grateful for your time and judgments.

Would you judge a second (and final) set of three scenarios?

- ☐ I'll judge another three
- ☐ Take me to the final questions

Optional feedback

Is there some impact or property of the scenarios that was not featured? Can you share with us what that is? (Optional)

Views & specializations

Final questions 1/2: your views and specializations

Political philosophy: communitarianism, egalitarianism, or libertarianism?

- ☐ Accept or lean towards: communitarianism
- ☐ Accept or lean towards: egalitarianism
- ☐ Accept or lean towards: libertarianism
- ☐ Accept an alternate view
- ☐ The question is too unclear to answer
- ☐ There is no fact of the matter
- ☐ Agnostic/undecided
- ☐ Other

Politics: capitalism or socialism

- ☐ Accept or lean towards: capitalism
- ☐ Accept or lean towards: socialism

- ☐ Accept an alternate view
- ☐ The question is too unclear to answer
- ☐ There is no fact of the matter
- ☐ Agnostic/undecided
- ☐ Other

Normative ethics: deontology, consequentialism, or virtue ethics

- ☐ Accept or lean towards: deontology
- ☐ Accept or lean towards: consequentialism
- ☐ Accept or lean towards: virtue ethics
- ☐ Accept an alternate view
- ☐ The question is too unclear to answer
- ☐ There is no fact of the matter
- ☐ Agnostic/undecided
- ☐ Other

Generally speaking, which point on this scale best describes your political views?

0: Liberal

100: Conservative

What is (are) your current area(s) of specialization?
Please select all that apply.

Metaphysics and Epistemology

- ☐ Epistemology
- ☐ Metaphilosophy
- ☐ Metaphysics
- ☐ Philosophy of Action
- ☐ Philosophy of Language
- ☐ Philosophy of Mind
- ☐ Philosophy of Religion

Value Theory

- ☐ Aesthetics
- ☐ Applied Ethics
- ☐ Meta-Ethics
- ☐ Normative Ethics
- ☐ Philosophy of Gender, Race, and Sexuality
- ☐ Philosophy of Law
- ☐ Social and Political Philosophy

Science, Logic, and Mathematics

- ☐ Logic and Philosophy of Logic
- ☐ Philosophy of Biology
- ☐ Philosophy of Cognitive Science
- ☐ Philosophy of Computing and Information
- ☐ Philosophy of Mathematics
- ☐ Philosophy of Physical Science
- ☐ Philosophy of Social Science
- ☐ Philosophy of Probability
- ☐ General Philosophy of Science

History of Western Philosophy

- ☐ Ancient Greek and Roman Philosophy
- ☐ Medieval and Renaissance Philosophy
- ☐ 17th/18th Century Philosophy
- ☐ 19th Century Philosophy
- ☐ 20th Century Philosophy

Philosophical Traditions

- ☐ African/Africana Philosophy
- ☐ Asian Philosophy
- ☐ Continental Philosophy
- ☐ European Philosophy
- ☐ Philosophy of the Americas

Other Academic Areas

- ☐ Natural Sciences
- ☐ Social Sciences
- ☐ Cognitive Sciences
- ☐ Formal Sciences
- ☐ Arts and Humanities
- ☐ Professional Areas

Demographics

Final questions 2/2: about you and your position

What is your gender?

- ☐ Female
- ☐ Male
- ☐ Non-binary
- ☐ Other
- ☐ Prefer not to say

What is your age?

Which best describes your current academic position?

- ☐ Undergraduate student
- ☐ Master's student
- ☐ PhD student
- ☐ Post-doc
- ☐ Lecturer
- ☐ Assistant Professor
- ☐ Associate Professor
- ☐ Professor
- ☐ Emeritus faculty

What is your household's annual income? (in USD, before tax)

- ☐ 0 - 24,999
- ☐ 25,000 - 49,999
- ☐ 50,000 - 74,999
- ☐ 75,000 - 99,999
- ☐ 100,000 - 124,999
- ☐ 125,000 - 149,999
- ☐ 150,000 - 174,999
- ☐ 175,000 - 199,999
- ☐ 200,000 +

In your judgment, what percentage of the households in the country where you (mostly) live earn **less** than your household?

(0 means yours is the lowest, 100 means yours is the highest, and 50 means there are the same number above and below yours.)

0 10 20 30 40 50 60 70 80 90 100
