

The following questions elicit your responses in light of the COVID-19 pandemic:

1. The virus causing COVID-19 was a bioweapon designed by China to wage war on the United States.

(1-5 Strongly disagree/agree; Don't know/Refuse to respond)

2. Who is more to blame for the COVID-19 pandemic in the United States?

(Radio button, force one choice)

- a. The Chinese government
- b. The United States government
- c. They are equally responsible
- d. Don't know
- e. Refuse to respond

3. Now that the U.S. has experienced shortages of medical equipment, we should share our masks, ventilators, and other lifesaving equipment with other countries after the virus subsides here. (1-5 Strongly disagree/agree; Don't know/Refuse to respond)

4. COVID-19 can only be beaten if countries cooperate in finding treatments and a vaccine.

(1-5 Strongly disagree/agree; Don't know/Refuse to respond)

5. Suppose you are in charge of the local hospital. You are beginning to see patients with severe cases of COVID-19. Unfortunately, the hospital has a limited supply of ventilators, and you know that you will have to make hard choices about who will get them very soon. How would you set hospital policy for members of the following groups...?

(1 = never gets a ventilator; 2 =; 3 =;

4 =; 5 = always gets a ventilator;)

- a. Patients over 65
- b. Non-U.S. citizens
- c. Muslim Americans
- d. Chinese Americans
- e. Don't know/Refuse to respond
