CONSENT

Hello. I'm **[enum_name]** from Innovations for Poverty Action, a non-profit organization dedicated to finding innovative solutions to development issues in various countries. We have offices in Accra and in Tamale. We work with a group of researchers who conduct the Ghana Socioeconomic Panel Survey, which studies how the lives of individuals and households in Ghana are affected by the process of economic change. We understand that you have consented to being a part of this survey in this past. We are contacting you now because we are interested in having you participate in a different study that is taking place as a phone survey, which is why we have contacted you by phone rather than in-person.

Purpose

Over the coming days, we at IPA are conducting a brief survey with households in Ghana to understand how they cope with the economic effects of coronavirus. Your participation is completely voluntary. You are welcome to decline to answer any questions, or to end a survey at any time.

Benefits/Risks of the Study

There is a direct benefit to you from this research: You will receive 5 Ghana cedis via mobile money as a thank you gift for participating in the survey. The research results from this project are aimed at influencing national policy around how to improve the response to COVID-19 and similar national crises. We also hope the project will influence international debates about disaster preparedness and pandemics. There are very few risks associated with participating in this study. You may experience fatigue during the interview, and you might discuss topics which are potentially sensitive.

Confidentiality

All your responses will be confidential and protected. Information which identifies you will not be shared outside of research, internal quality assurance, or research oversight teams. This may include researchers and relevant IPA (and other organization if applicable) responsible for these tasks. Under no circumstances will any individual participant be identified in a publication or presentation describing this study.

Withdrawal from Study

Your participation in this study is entirely voluntary. You may refuse to participate in this research without any penalty. You may at any time, for any reason, discontinue your participation without any negative consequences after having begun as a participant.

Contact for Additional Information

If you have any further questions about this research project, or in case of any concerns, please contact (based on your language):

Gabriel Teye (Krobo,Twi, Ga, English) 059-228-9382

Yusif Hardi (Hausa, Dagbani, Gonja, English) 050 488 9248 If you have any questions about your rights as a research participant, please contact Innovations for Poverty Action's Institutional Review Board (IPA IRB): humansubjects@poverty-action.org.

Field	Question	Answer
pre_consent	**CONSENT**	
	Hello. I'm **[enum_name]** from Innovations for Poverty Action, a non-profit organization dedicated to finding innovative solutions to development issues in various countries. We have offices in Accra and in Tamale. We work with a group of researchers who conduct the Ghana Socioeconomic Panel Survey, which studies how the lives of individuals and households in Ghana are affected by the process of economic change. We understand that you have consented to being a part of this survey in this past. We are contacting you now because we are interested in having you participate in a different study that is taking place as a phone survey, which is why we have contacted you by phone rather than in-person.	
	Purpose	
	Over the coming days, we at IPA are giving grants via mobile money to households in Ghana to help them cope with the economic effects of coronavirus. First, we are conducting a brief survey, and we will also conduct further surveys later this year. If you agree to participate and are found eligible for the study, you will receive a mobile money cash transfer in a couple of days. You can spend this money in any way you want. Your participation is completely voluntary. You are welcome to decline to answer any questions, or to end a survey at any time. Participation in one survey does not obligate you to participate in any future survey.	
	Benefits/Risks of the Study	
	There is a direct benefit to you from this research: if you are eligible to participate, you will receive 90 Ghana cedis via mobile money as part of the study, and within a week of each survey call, you will also receive 5 Ghana cedis via mobile money as a thank you gift for participating in the survey. The research results from this project are aimed at influencing national policy around how to improve the response to COVID-19 and similar national crises. We also hope the project will influence international debates about disaster preparedness and pandemics. There are very few risks associated with participating in this study. You may experience fatigue during the interview, and you might discuss topics which are potentially sensitive.	
	Confidentiality	
	All your responses will be confidential and protected. Information which identifies you will not be shared outside of research, internal quality assurance, or research oversight teams. This may include researchers and relevant IPA (and other organization if applicable) responsible for these tasks. Under no circumstances will any individual participant be identified in a publication or presentation describing this study.	
	Withdrawal from Study	
	Your participation in this study is entirely voluntary. You may refuse to participate in this research without any penalty. You may at any time, for any reason, discontinue your participation without any negative consequences after having begun as a participant.

Baseline Survey > Social Distancing group		
generated_note_name_340	**In the past 7 days, on how many days did you**	
mg01 *(required)*	**MG01** Stay at home all day (without going out at all)	

Field	Question	Answer	
	Response constrained to: .<=7 or .=-999 or .=-888 or .=-222		
	Question	**Answer**	
mg02 *(required)*	**MG02** Attend social gatherings (e.g., meeting family or friends, attending a party, going to church or the mosque, funerals) *Response constrained to: .<=7 or .=-999 or .=-888 or .=-222*		
mg04 *(required)*	**MG04** In the past 7 days, on how many days did other members of your household typically stay at home all day (without going out at all)? *Response constrained to: .<=7 or .=-999 or .=-888 or .=-222*		
mg05 *(required)*	**MG05** In the past 7 days, on how many days have you had someone outside of your immediate family visit your home? *Response constrained to: .<=7 or .=-999 or .=-888 or .=-222*		
mg03 *(required)*	**MG03** Are you trying to keep a distance of at least one meter to other people who are outside of your immediate family?	1	Yes
		0	No
mg06 *(required)*	**MG06** Have you worn a mask when you have been near someone outside of your immediate family anytime in the past 7 days?	1	Always
		2	At least once
		3	No
Baseline Survey > Attitude and Behavior group			
ab01 *(required)*	**AB01** If 100 people were infected with the coronavirus, how many do you think would die? *Number of people* *Response constrained to: .<=100 or .=-999 or .=-888 or .=-222*		
ab03 *(required)*	**AB03** How severely do you think that the coronavirus will affect the Ghanaian economy?	1	Not at all
		2	A little bit
		3	Moderately so
		4	Extremely so
wb01 *(required)*	**WB01** Taking all things together, would you say you are:	1	Very happy
		2	Rather happy
		3	Not very happy
		4	Not at all happy
Baseline Survey > Psycological Well-Being group			
wb02 *(required)*	**WB02** During the past 7 days, about how often did you feel nervous?	1	None of the time
		2	A little of the time
		3	some of the time
		4	Most of the time
		5	All of the time
wb03 *(required)*	**WB03** During the past 7 days, about how often did you feel hopeless?	1	None of the time
		2	A little of the time
		3	some of the time
		4	Most of the time
		5	All of the time
wb04 *(required)*	**WB04** During the past 7 days, about how often did you feel restless or fidgety?	1	None of the time
		2	A little of the time
		3	some of the time
		4	Most of the time
		5	All of the time
wb05 *(required)*	**WB05** During the past 7 days, about how often did you feel that everything was an effort?	1	None of the time
		2	A little of the time
		3	some of the time
		4	Most of the time
		5	All of the time
wb06 *(required)*	**WB06** During the past 7 days, about how often did you feel so sad that nothing could cheer you up?	1	None of the time
		2	A little of the time
		3	some of the time
		4	Most of the time
		5	All of the time
wb07 *(required)*	**WB07** During the past 7 days, about how often did you feel worthless?	1	None of the time
		2	A little of the time
		3	some of the time
		4	Most of the time
		5	All of the time
Baseline Survey > Food Security			
fs01_note	**FS01 In the past 7 days, how many days have you or someone in your household had to…**		
fs01_1 *(required)*	**FS01.1** Rely on less preferred and/or less expensive foods? *Response constrained to: .<=7 or .=-999 or .=-888 or .=-222*		

Field	Question	Answer
fs01_2 *(required)*	**FS01.2** Limit portion size at meal-times? *Response constrained to: .<=7 or .=-999 or .=-888 or .=-222*	
fs01_3 *(required)*	**FS01.3** Borrow food, or rely on help from a friend or relative? *Response constrained to: .<=7 or .=-999 or .=-888 or .=-222*	
fs01_4 *(required)*	**FS01.4** In the past 7 days has the household bought food for storage?	1 Yes 0 No
fs02	**FS02** In the past 7 days, how many meals including breakfast were typically taken per day in your household?	
fs02_1 *(required)*	**FS02.1** Adults *Response constrained to: .>0 or .=-999 or .=-888 or .=-222*	
fs02_2 *(required)*	**FS02.2** Children *Enter zero if there are no children in the household.* *Response constrained to: .>=0 or .=-999 or .=-888 or .=-222*	

Baseline Survey > Religiosity group

Field	Question	Answer
rg01 *(required)*	**RG01** During the past 7 days, about how often did you pray?	1 Many (6+) times in a day 2 Several (2-5) times in a day 3 Once in a day 4 I prayed, but less than once a day 5 I didn't pray
rg02 *(required)*	**RG02** During the past 7 days, did you read religious scripture outside of religious services?	1 Yes 0 No
rg03 *(required)*	**RG03** Which of these two statements comes closer to your own view: 1. God will grant wealth and good health to all believers who have enough faith. 2. God doesn't always give wealth and good health to believers who have deep faith.	1 The first Statement 2 The second Statement 3 Neither or both equally(do not read this option)

Baseline Survey > Attitudes

Field	Question	Answer
at01 *(required)*	**AT01** Before this call, have you heard about the "coronavirus" or covid-19, an illness that typically causes fever, cough, and difficulty breathing?	1 Yes 0 No
at02 *(required)*	**AT02** What do you think: should people in your country cancel their participation at social gatherings because of the coronavirus right now? *Question relevant when: ${at01} =1*	1 Yes 0 No
at03 *(required)*	**AT03** What do you think: should people in your country not shake other people's hands because of the coronavirus right now? *Question relevant when: ${at01} =1*	1 Yes 0 No
at04 *(required)*	**AT04** What do you think: should all shops in your country other than particularly important ones, such as supermarkets, pharmacies, post offices, and gas stations, be closed because of the coronavirus right now? *Question relevant when: ${at01} =1*	1 Yes 0 No
at05 *(required)*	**AT05** What do you think: should there be a general lockdown in your country (with the exception of grocery shopping, necessary family trips, and the commute to work) because of the coronavirus right now? *Question relevant when: ${at01} =1*	1 Yes 0 No
at06 *(required)*	**AT06** Do you think the reaction of your country's government to the current coronavirus outbreak is appropriate, too extreme, or not sufficient? *Question relevant when: ${at01} =1*	1 The reaction is much too extreme 2 The reaction is somewhat too extreme 3 The reaction is appropriate 4 The reaction is somewhat insufficient 5 The reaction is not at all sufficient
at07 *(required)*	**AT07** How factually truthful do you think your country's government has been about the coronavirus outbreak? *Question relevant when: ${at01} =1*	1 Very untruthful 2 Somewhat untruthful 3 Neither truthful nor untruthul 4 Somehwat truthful 5 Very truthful

Field	Question	Answer	
at08 *(required)*	**AT08** Do you think the reaction of your country's public to the current coronavirus outbreak is appropriate, too extreme, or not sufficient? *Question relevant when: ${at01} =1*	1	The reaction is much too extreme
		2	The reaction is somewhat too extreme
		3	The reaction is appropriate
		4	The reaction is somewhat insufficient
		5	The reaction is not at all sufficient
Baseline Survey > Market Access			
ma01 *(required)*	**MA01** Where did you or any household member purchase food during the past 7 days?	1	Street market
		2	Small shop (groceries or convenience store)
		3	Supermarket
		4	Trader
		5	Neighbors
		6	Online supermarket/bazar
		-666	Other
ma01_osp *(required)*	Specify other *Question relevant when: selected(${ma01} , -666)*		
ma02 *(required)*	**MA02** Have you or any household member experienced difficulties accessing markets or buying specific products, such as soap or some types of food?	1	Yes
		0	No
ma03 *(required)*	**MA03** What difficulties did you or any household member experience? *Question relevant when: ${ma02} =1*	1	Market too far away
		2	Market too crowded
		3	Some items were not available
		4	Some items were too expensive (or more expensive than usual)
		-666	Other
ma03_osp *(required)*	Specify other difficulty *Question relevant when: selected(${ma03} , -666)*		
Baseline Survey > cd_grp			
generated_note_name_397	**CD01** I'd like to ask you about how different institutions and services are working in your community. In the past 7 days, have these institutions or services been 1) operating normally, 2) still operating, but on a limited schedule or at reduced capacity, or 3) mostly or entirely shutdown?		
cd01_2 *(required)*	**CD01.2** Markets	1	Operating normally
		2	Still operating, but on a limited schedule or at reduced capacity
		3	Mostly or entirely shutdown

		-999	Don't know
		-222	Not applicable (my community does not have these)
rand_note_control	**Read to Respondent** Over the coming days, we at IPA are giving grants via mobile money to households in Ghana to help them cope with the economic effects of coronavirus. You will receive GHS 90 - congratulations! You will receive this money within a week, and you are welcome to spend the cash on whatever you like. *Question relevant when: ${hh_rand_stat} =0*		
rand_note_treatment	**Read to Respondent** Over the coming days, we at IPA are giving grants via mobile money to households in Ghana to help them cope with the economic effects of coronavirus. You will receive GHS 90 per week for at least the next 8 weeks - congratulations! You will receive the first installment within a week, and you are welcome to spend the cash on whatever you like. *Question relevant when: ${hh_rand_stat} =1*		
convinient *(required)*	**S02** In case we want to contact you in the future, what time of the day will be most appropriate for you?	1	Morning (8 am - 11 am)
		2	Afternoon (11 am - 4 pm)
		3	End of day (4 pm - 6 pm)
		4	Anytime
so01 *(required)*	**SO01** *Question to Enumerator (Do not read).* Based on the background noise you could hear during this call, would you guess that the respondent was taking the call at home, outside the home in a public place, or outside the home in a private place?	1	At home
		2	Outside home in a public place
		3	Outside home in a private place
s_num_yn *(required)*	**S01** Do you have another number through which we can contact you? *Question relevant when: ${continue} =1 or ${av01} =2*	1	Yes
		0	No
s_num *(required)*	**SC02.4** Kindly enter the number *Question relevant when: ${s_num_yn} =1* *Response constrained to: regex(., '[0][25][459076][0-9]{7}')*		

Field	Question	Answer
who_covid_note1	You are almost at the end of the survey! We would just like to share the following guidance from the World Health Organization on Protecting Yourself and Others from the Spread of COVID-19. **Make sure you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or tissue when you cough or sneeze. Then dispose of the used tissue immediately and wash your hands.** Why? Droplets spread virus. By following good respiratory hygiene, you protect the people around you from viruses such as cold, flu and COVID-19. **Stay home and self-isolate even with minor symptoms such as cough, headache, mild fever, until you recover. Have someone bring you supplies. If you need to leave your house, wear a mask to avoid infecting others.** Why? Avoiding contact with others will protect them from possible COVID-19 and other viruses. **If you have a fever, cough and difficulty breathing, seek medical attention, but call by telephone in advance if possible and follow the directions of your local health authority.** Why? National and local authorities will have the most up to date information on the situation in your area. Calling in advance will allow your health care provider to quickly direct you to the right health facility. This will also protect you and help prevent spread of viruses and other infections. *Question relevant when: ${sm01} =1 or ${sm02} =1 or ${sm03} =1 or ${sm04} =1 or ${sm05} =1 or ${sm06} =1 or ${sm07} =1 or ${sm08} =1 and ${continue} = 1*	
who_covid_note2	You are almost at the end of the survey! We would just like to share the following guidance from the World Health Organization on Protecting Yourself and Others from the Spread of COVID-19. **Maintain at least 1 metre (3 feet) distance between yourself and others**. Why? When someone coughs, sneezes, or speaks they spray small liquid droplets from their nose or mouth which may contain virus. If you are too close, you can breathe in the droplets, including the COVID-19 virus if the person has the disease. **Avoid going to crowded places**. Why? Where people come together in crowds, you are more likely to come into close contact with someone that has COVID-19 and it is more difficult to maintain physical distance of 1 metre (3 feet). *Question relevant when: ${mg01} < 7 or ${mg02} > 0 or ${mg03} = 0 or ${mg04} <7 or ${mg05} > 0 and ${continue} = 1*	
who_covid_note3	You are almost at the end of the survey! We would just like to share the following guidance from the World Health Organization on Protecting Yourself and Others from the Spread of COVID-19. **Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water.** Why? Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands. **Avoid touching eyes, nose and mouth.** Why? Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth. From there, the virus can enter your body and infect you. **Keep up to date on the latest information from trusted sources, such as WHO or your local and national health authorities.** Why? Local and national authorities are best placed to advise on what people in your area should be doing to protect themselves. *Question relevant when: ${valid_resp_num} =1 and ${continue} = 1*
