Thank you for the opportunity to speak with you. We are a research team from EEPRI working in collaboration with Carleton University. We are conducting a survey to learn about agriculture, fair trade, and wellbeing of households in this area. Thank you for participating in the previous surveys, this survey includes questions about your household, dwelling characteristics, farm activities, and employment. We will use the data to make a study about how various programs can be most helpful to the people in this area. Your participation in the survey is voluntary. If you agree to participate, your answers will be completely confidential. We will not share information that identifies you with anyone.

Please ask the participants if they consent to the participation in the study

(Check one box) Yes=1

No=2

I, _____, the enumerator responsible for the interview, certify that I _____ (*Name of enumerator*) have read the above statement to the participant and they have consented to the interview. If the household does not give consent to all the data collection, stop the interview, and inform your team leader.
