Authorization of research project “The effect of schools reopening on educational and health outcomes?” (OEC IRB # 2020-079)

To whom it may concern,

The Human Subjects Committee of the Faculty of Economics, Business Administration and Information Technology at the University of Zurich authorizes the research described in Guilherme Lichand’s research proposal “The effect of schools reopening on educational and health outcomes?” (OEC IRB # 2020-079).

Specifically, we have reviewed the information regarding the procedures and protocols that will be implemented to conduct the experiments involving human subjects. We confirm that they comply with all applicable regulations.

We therefore approve the planned research outlined in the proposal.

Yours sincerely,
