Institutional Review Board

MEMORANDUM

DATE: September 4, 2020

TO: David Murphy, Carolina Castilla

FROM: Julia A. Martinez, Institutional Review Board Chair

RE: IRB Proposal "FR-F20-01"

Colgate's Institutional Review Board (IRB) has reviewed and approved your proposal "Alcohol, IPV, and Productivity" for the use of human participants in your research. The research meets the ethical standards adopted by the Federal Government for research with humans as they are explained in the Belmont Report. *This approval is in effect for one year from this date* and is the only IRB approval required for research conducted at Colgate University. If you conduct your research at another institution, you may need to secure IRB approval from that institution.

This notice only certifies the compliance of your planned research activities with ethical standards. If you plan to use institutional records to recruit participants or to gather data about your participants, please contact Neil Albert (nalbert@colgate.edu; x7397) in the Office of Institutional Planning and Research for further assistance.

The IRB wishes you much success with your research.

Julia A. Martinez, Ph.D.
Associate Professor of Psychology
Department of Psychological and Brain Sciences
Chair, Institutional Review Board
